

Finish Systems

All Perfection products are available in a wide array of finishes. Select your finish based on the project location, finish durability and color. Depending on the end-use application, we have a finish that meets the requirements of any project. These include a full range of anodized finishes. As well as, a complete complement of electrostatic paint spray applications. Custom colors and color matching are also available. Contact a design team member to determine the finish option that best suits the requirements of your project.
