

Pavilion Systems

Pavilions provide shelter and an opportunity for a creative design element for any project.

Whether used as an entry feature or outdoor shelter, Perfection pavilion systems openly impact the visual appearance of any project with remarkable style. Our systems are made to order with 100% extruded aluminum components, combining lasting beauty and low maintenance.

Pavilions provide an excellent opportunity for outdoor dining and meeting areas. Let us help you build a system that can help solve your space requirements. We can customize a design and build a pavilion to fit your specific project requirements. Contact a premier design team member to discuss the requirements

of your project. Our Pavilion systems are project specific engineered to withstand the loads mandated by your local building code.

Perfection Pavilion Systems are available in standard and custom finishes. Select your finish based on the project location, finish durability and color selection.
